

## UpSound Basic Practice Mute

## UpMute

Useful in apartments, houses, hotels, or anywhere without disturbing neighbors, family, pets or other humans.	Application	Can be used in the same places as the UpSound Practice Mute and is about 30% quieter.
All registers of the instrument are free blowing and easily accessible without changing the embouchure.	Playability	All registers of the instrument are free blowing and easily accessible without changing the embouchure.
Incredible pitch with no change in the intonation.	Pitch	Incredible pitch with no change in the intonation.
About the size of a soda can, fits in the bell while sticking out a small amount.	Portability	Fits snug in the bell with little overhang making it easy to leave in while carrying your trumpet in any case.
Your best basic practice mute when you need to quiet the sound.	Philosophy	Includes an UpSound filter that brings the UpSound philosophy to your trumpet and makes your practicing more efficient.
